Education

Master of Computer Applications

Saintgits College of Engineering, Kerala

JUNE 2025- PRESENT

SGPA-9.2

Bachelor of Computer Applications

Madras Christian College, Chennai

JUNE 2022- JUNE 2025

CGPA-7.5

Technical Skills

Programming Languages: Python, Java, Javascript

Framework: React.js, Django, Node.js

Tools: Git, Docker, Trivy, Jenkins, Linux CLI

Internships & Experience

Frontend Developer Intern

Pentagon Innovation

JULY 2024-SEPTEMBER 2024

- Designed and developed responsive user interfaces using **HTML, CSS, and JavaScript** for a college complaint management portal.
- Implemented user-friendly forms and validation to allow students to submit complaints easily.
- Collaborated with backend team to integrate frontend components with REST APIs.

Projects

Apointify

- Developed a responsive frontend UI for a doctor appointment booking platform using HTML, CSS, and React.js.
- Implemented user flows for Patient, Doctor, and Admin dashboards, improving navigation and usability.

Invoice Generator

- Built a responsive invoice generator web app using HTML, CSS, and React.js to create and preview invoices dynamically.
- Added features to generate, preview, and export invoices improving usability for small business workflows.

Self-Healing Container Image Framework Using Trivy and Dynamic Dockerfile Generation (*Present*)

- Developed a responsive vulnerability visualization dashboard using HTML, CSS, and React.js to display scan results and risk metrics.
- Implemented a self-healing container image workflow using dynamic Dockerfile generation to patch vulnerable base images and rebuild secure images automatically.

Certifications

- Responsive web Design – FreeCodeCamp
- Cloud Computing Fundamentals – IBM
- The Complete Full-Stack-Web Development Bootcamp – Udemy
- Git Essential Training – Linkedin Learning
